

ARROW SHIRTS

NEW shirts look pretty much alike. The stuff that's in them that means wear or worry does not show. There is only one sure guide on shirt quality; the label of the maker of the garment. The ARROW is the O. K. mark of the largest manufacturer of shirts in the world. It's your guide to shirt satisfaction. Insist on the label because it means that you will get a garment guaranteed in every respect.

Rheumatic Pain Stopped

The drawing of muscles, the soreness, stiffness and agonizing pain of Rheumatism quickly yield to Sloan's Liniment. It stimulates circulation to the painful part. Just apply as directed to the sore spot. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's proof—"I have had wonderful relief since I used your Liniment on my knee. To think one application gave me relief. Sorry I haven't space to tell you the history. Thanking you for what your remedy has done for me."—James S. Ferguson, Philada, Pa. Sloan's Liniment kills pain. 25c. at Druggists.

tie, and such has never been the case as every cent of money expended has been done upon the unanimous vote of our good and efficient Board of Education, and you can't criticize these expenditures and changes without criticizing the Board. It behooves every one of us who are interested in education to encourage our people, who are to be benefited, to render their services to the Board, and to encourage the Board to encourage our people, who are to be benefited, to render their services to the Board, and to encourage the Board to encourage our people, who are to be benefited, to render their services to the Board.

It would be folly to call the Board of Education together to act upon a matter that had been acted upon, and, especially so, when they state that if called they would take the same action, as they knew it was best and the order would remain.

We notice that the same Editor has considerable to say in regard to the attendance in the public schools of the county. If all our good parents were of the same calibre as the Editor of Better Farms and Roads, and refused to permit their children to attend any of the public schools, our attendance would have been—ZERO.

We would think it more commendable if he would put up his little hammer, quit knocking, and go to boosting. Our Board of Education has always informed the Fiscal Court as to the needs of the school fund, and the Fiscal Court has approved of the expenditures and is perfectly capable of attending to their business, without listening, for a moment, to the advice of one whose mind seems to be so poisoned against the schools and school affairs of the county. He would not only criticize every teacher, trustees, members of the Board of Education, the Fiscal Court, but takes a rap at the 1912 Legislature that passed the law fixing salaries of County Superintendents at not less than \$600 nor more than \$2,500 per annum, and would have us infer that our Circuit Judge, who passed upon this particular question in this county, had erred in his opinion.

SLADE

Charley McIntosh, of Campton Jet., was here Sunday.

Doc Dehart and wife, of Stanton, visiting the family of J. H. McDaniel.

H. Ewen, of Oklahoma, writes a very interesting letter about the oil business, in which he has been engaged for the past 12 years.

Light Dennis has been appointed magistrate in this district in place of Ben Spurlock, deceased, and J. H. McDaniel was appointed Constable to take the place of Wm. Ashley, who had the misfortune to lose both legs. We are proud of our new officers as we believe they are men who will regard their oath of office and will mete out justice to all.

John Wynn and M. Litrell visited their families here over Sunday, and report that they had to move their oil rig from the farm where they first went to drill, owing to a suit to settle who owns the lease, the owner of the land having leased to two parties. They will move near Furnace as soon as their tents arrive, they being unable to secure a house.

Town Board Meets.

The Town Board met in regular session Friday night. Dr. Martin tendered his resignation which was accepted with regret, as he has proved a very valuable member, but his time is too much taken up with his practice to allow him to attend the meetings regularly. An ordinance was passed compelling the barber shops of the town to close Sundays. Arrangements were made to have the necessary repairs made to the school house to

lower the insurance rate, and several applications were read for the positions of principal and teacher of the school for the coming year, but nothing definite was decided on in this regard.

ORDINANCE.

The Board of Trustees of the town of Clay City do ordain as follows: It shall be unlawful for any barber shop in the Town of Clay City to be open for business on any Sunday.

Any violation of this ordinance shall be punishable by a fine of not less than one nor more than five dollars.

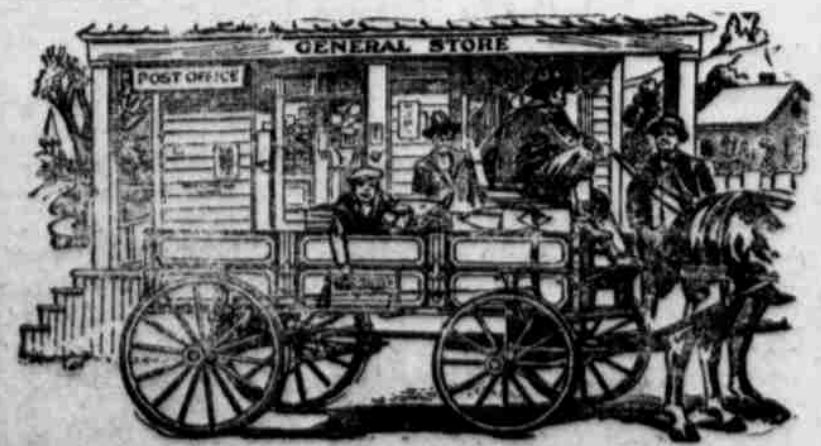

Any ordinance or part of an ordinance conflicting with this one be, and the same is hereby revoked.

A. P. Johnson.

Chairman Board of Trustees.
Attest: G. Hackworth,
Secretary Board of Trustees.
Clay City, May 5, 1916.

A Good Family Cough Syrup

Can be made by mixing Pine Tar, Aconite, Sugar, Hyocyanus, Sassafras, Peppermint, Ipecac, Rhubarb, Mandrake, Capsicum, Muric Acid, Ammonia, Honey and Glycerine. It is pleasant, healing and soothing, raises the phlegm, and gives almost instant relief. For convenience of those who prefer not to fuss, it is supplied ready made in 25c. bottles under the name of Dr. Bell's Pine-Tar-Honey. Can be had at our druggist. Insist on getting Dr. Bell's Pine Tar Honey and see that the formula is in the package.
